SEC. 9-10-156

The Application form for a sign permit shall be obtained from the enforcement officer and shall require the following information:

- (1) The name and address of the owner of the sign.
- (2) The name of the business and the location of the sign (address).
- (3) A drawing of the sign, indicating size, materials, texture and finish and illumination to be used.
- (4) A site plan showing where the sign will be located on the premises, as well as all other signs existing on the premises.
- (5) Indication on the site plan of the location of buildings on the site and the dimensions and area of building frontages.
- (6) Written consent of the owner of the building, structure or land on which the sign is to be erected.
- (7) Any electrical permit required and issued for such sign.
- (8) The contractor's name, address, and license number, where applicable.

INSPECTIONS GENERALLY

Sec. 9-10-158

The sign must be inspected by the Building Inspector and as he deems necessary and subject to Sec. 9-10-157; each sign regulated by this division for the purpose of ascertaining whether such sign is secure or insecure, or in need of repair and for compliance with the requirements of this division. The applicant must call for final inspection on all signs permitted pursuant to this division.
